OF THE

## GERMAN AND ENGLISH LANGUAGES

INDICATING

THE ACCENTUATION OF EVERY GERMAN WORD, CONTAINING SEVERAL HUNDRED GERMAN  
SYNONYMS, TOGETHER WITH A CLASSIFICATION AND ALPHABETICAL LIST  
OF THE IRREGULAR VERBS, AND A LIST OF ABBREVIATIONS.

COMPILED FROM THE WORKS OF

*HILPERT, FLÜGEL, GRIEB, HEYSE, AND OTHERS*

BY

G. J. ADLER, A.M.,

MEMBER OF THE AMERICAN ORIENTAL AND OF THE AMERICAN ETHNOLOGICAL SOCIETIES, LATE PROFESSOR OF THE  
GERMAN LANGUAGE AND LITERATURE IN THE UNIVERSITY OF THE CITY OF NEW YORK.

In Two Parts:

I. GERMAN AND ENGLISH.—II. ENGLISH AND GERMAN.

NEW YORK:  
D. APPLETON AND COMPANY,  
1, 3, AND 5 BOND STREET.  
1886.

---

ENTERED, according to Act of Congress, in the year 1848, by

D APPLETON & CO,

In the Clerk's Office of the District Court of the United States for the Southern  
District of New York.

---

## P R E F A C E .

---

IN preparing this volume, our principal aim was to offer to the American student of the German a work which would embody all the valuable results of the most recent investigations in German lexicography, and which might thus become not only a reliable guide for the practical acquisition of that language, but one which would not forsake him in the higher walks of his pursuits, to which its literary and scientific treasures would naturally invite him. The conviction that such a work was a desideratum, and one which claimed immediate attention, was first occasioned by the steadily increasing interest manifested in the study of the German, by such among us as covet a higher intellectual culture, as well as by those who are ambitious to be abreast with the times in all that concerns the interests of Learning, Science, Art and Philosophy.

For who has been able to avoid observing, that in certain departments of literature and science, the eyes of such as strove for pre-eminence have, in the old as well as in the cisatlantic world, been directed towards Germany, whence they cannot conceal having derived both instruction and incentive for similar investigations? Do not Philology, both comparative and special, the Science of Antiquity, the Archæology of Art, and their various branches, owe their present state of relative perfection—nay, some of them their very existence—to the patient assiduity, the candid and truth-loving spirit of German inquirers? What historian has of late attempted to write the history of Rome or Greece, who has not reared his edifice on the ground explored by Niebuhr, Muller, Boekh, and others? Where has Speculative Philosophy found a fostering home, and, as the “*Scientia Scientiarum*,” asserted its controlling and harmonizing power over every department of human knowledge? Nay, who can write now on any metaphysical subject without being familiar, and appearing either in harmony or conflict with the systems of men who have carried philosophical inquiry to its last results? And are not the writings of Goethe, Schiller, Herder, Tieck, Jean Paul, and of other Coryphæi of German literature, either in the original or in translations, on the shelves of every library? The history of German literature for the last century, the rapidity of its growth, the many illustrious names which, either simultaneously or in rapid succession, have added lasting honour to its pages, presents to us a fact, in the manifestations of national life, that may safely challenge a precedent in history; a fact, however, recognized and openly avowed even by writers of rival nations. It is, therefore, no improbable presumption, judging from the present aspect of things, that the time will come (or is already at hand,) when the English mind will willingly submit to a reaction of the influence it once exerted over the German,\* and thence receive the impulse, if not the elements, of a higher literary and scientific life.

\* Those who are at all acquainted with the history of German literature, will remember that Bodmer, and his school, in their opposition to Gottsched, and French taste, received the weapons of their warfare and final victory from English armories. By holding up English authors as models of excellence, and by spreading in various ways the knowledge of their writings, he not only succeeded in introducing a better taste, but actually became the forerunner of a new and brighter period of German literature. From his time the English influence is strikingly visible, and at one time even assumed the form of an anglomania. Klopstock and Lessing show it. How great were the obligations of the choicest spirits of our golden age to Shakspeare, the English novelists and satirists, is manifest from their own acknowledgments and writings. Men like Wieland, Voss, Schlegel, and Tieck, have vied with each other in rendering Shakspeare a German classic. Scott and Irving have been, and still are, among the favourite authors of the nation; and there is hardly a writer of any note who does not find himself represented either in translations or re-publications. Can then any degree of interest manifested in the study of the German among us be any thing more than a mere re-echo of that sympathizing feeling and regard, so long and so willingly shown to writers of the English tongue?

But this is not the place for recounting the development or comparative merits of either the German or the English languages or literatures, possessing as they do each its peculiar excellence and glory, and destined, as they seem by nature, to be rather the complement of one another than aught separate or distinct. Albion's Muse and Thuis-kone are still on the race-ground, (where Klopstock left them,) "eagerly flying towards the crowning goal," and not even a seer's eye can descry, as yet, aught but "the dust billowing darker past the oak." We must leave it to future generations to decide the contest and award the crown, and hasten to give the reader a more minute account of the genesis and scope of the volume before him.

Nearly all the Dictionaries published in Germany having been prepared with special reference to the German student of the English, and being, on that account, incomplete in the German-English part, it was evidently our vocation to reverse the order for this side of the Atlantic, and to give the utmost possible completeness and perfection to the German part. This was the proper sphere of our labour. The English-German portion of this volume was, therefore, merely re-printed, under the auspices of the publishers, from the London Edition of Flugel's work, which was deemed sufficiently complete for all the purposes of the American student.

In the preparation of the first, or German-English part, the volume published at London under the name of Flugel, but really compiled by Heimann, Feiling and Oxenford, was chosen as our basis, being at present the most complete and, in our opinion, the most judiciously prepared manual of the kind in England. This has been carefully revised, in many parts entirely re-arranged or re-written, and augmented by at least thirty thousand new words and articles, so that it will be found that, of the eight hundred and fifty pages, which constitute its size, nearly one half are additions of our own. In this business of remoulding and enlarging, the Editor has, in addition to availing himself of the materials which a long familiarity with the German classics had placed at his disposal, made free and diligent use of the best and most recent lexicographers, both German and German-English. The principal sources were Hilpert's large work, Grieb, Küttner and Nicholson, Campe,\* Heinsius and Heyse.

The accentuation of the German words, first introduced by Heinsius, and not a little improved by Hilpert and his coadjutors, has also been adopted, and will be regarded as a most desirable and invaluable aid to the student.

As foreign words, such, at least, as have not been completely germanized, generally differ in form, and often in pronunciation and inflection too, from such as are purely native, they have been designated by an asterisk.

Another, and it is hoped not the least valuable, addition to the volume, are the synonyms, which we have given generally in an abridged, and, not unfrequently, in a new form, from Hilpert, who was the first that offered to the English student a selection from the rich store of Eberhard, Maass and Gruber. If, according to Jean Paul, "every good grammarian must, of necessity, be a partial philosopher, and only a philosopher could write the best grammar,"† it is still more true with regard to one who undertakes to analyze the nice distinctions subsisting between words of similar import. Germany has had the good fortune to receive a classical work in this department of lexicography; one which almost exhausts the subject, and may well ask for its rival in any language, from a mind fully equal to all the demands in question.‡ There is, therefore, no need of any further apology for presenting to the student, in a condensed form, some of the results of such investigations, even though they should not strictly come within the scope of an ordinary lexicon.

\* *Wörterbuch der deutschen Sprache*. Herausgegeben von Jo. S. Campe. Braunschweig, 1807-1811. This is still in some respects the most comprehensive work in the language (in five volumes, quarto), containing according to the author's own account 141,377 articles and words. The vocabulary of the purely German words is very full, the definitions copious and logically arranged, and in many instances established by direct reference to classical authorities. Adelung's *Grammatisch-kritisches Wörterbuch*, Leipzig, 1793-1801 (in four parts), was the first German lexicon of classical authority and is by some still regarded as the "leader of the host." It contains, however, only 53,181 articles and words, and served as the basis for Campe's more recent and more copious work. Heinsius still later, *Volständiges Wörterbuch der Deutschen Sprache*, is, as the title indicates, of a more popular character, designates the accentuation of words and contains a large collection of the most usual foreign terms. Heinsius says of his own labours: „Was endlich die Quellen betrifft, aus denen ich geschöpft, so habe ich, das Campe'sche Wörterbuch, als das vollständige und vorzüglichste unter den vorhandenen, eben so zu Grunde gelegt, wie Campe das Adelung'sche, und folches überall mit Adelung und dessen Berichtiger Soltau u. K. verglichen.“

† „Sehr gute Grammatiker ist ein partieller Philosoph, und nur ein Philosoph würde die beste Grammatik schreiben.“

‡ Eberhard (born 1779; died 1809) was one of the most distinguished philosophers of the eclectic school, and the author of various works on Philosophy, *Æsthetics*, *Theology*, &c., all of which exhibit him in the light of a clear and popular thinker and, at the same time, of a pleasant and entertaining writer. He assumed a decided and violent opposition to the new systems of Kant and his followers, which, however, proved unsuccessful. Of the motives which prompted him to undertake his acute and learned „*Versuch einer allgemeinen deutschen Synonymik*,“ (6 volumes, Halle, 1795-1802) he himself says naively enough: „Die heillosen Untersuchungen über die Unveränderlichkeit der sinnverwandten Wörter sollten mich aus den feßellosen Gebieten der Philosophie in eine freudlichere Gegend derselben hinführen, wo die Betrachtung nicht besorgen darf, mit ihren Kreisen in die Krise irgend eines Systems zu greifen.“ His work was continued and augmented by Maass (in 12 vols. 1818-1821), and by Gruber (6 vols., 1826-1830).

In comparing the different German-English Dictionaries, it was found that all of them were deficient in their vocabulary of foreign words, which now act so important a part, not only in strictly scientific works, but also in the best classics, in the reviews, journals, newspapers, and even in the conversational language of ordinary life. This defect we endeavoured to remedy by admitting all that was deemed valuable from the *Fremdwörterbuch* of Campe and Heyse; concerning the latter of which it has justly been said, "that, in point of completeness and correctness, both in the enumeration and definition of foreign words, no similar work could be compared with it."\* Though the Germans have boasted of their language, that for every want both of science and of social life, it can, out of its own exhaustless resources, supply an adequate expression, (and both Campe and Heyse have actually sought altogether to banish all alien words, by proposing a variety of native equivalents for them,) still it is true that, for the last twenty years or more, the introduction of foreign terms (often together with the thing designated) has been steadily increasing, and the Horatian "*Nova fictaque nuper habebunt verba fidem, si Græco fonte cadunt, purce detorta,*" has found application not only to the classical, but also to a number of modern languages. Hence it comes, that in many of the sciences and arts, the Germans have even a double (as it were, a scholastic and a popular) terminology, e. g., in Chemistry, Medicine, and also in Philosophy. Their commercial expressions are mostly of Italian and French, their nautical terms and phrases of Dutch and Danish origin. It was, therefore, deemed a matter of the first importance to have in our vocabulary a strong representation of foreign and technical terms, the want of which, in ordinary lexicons, so often proves a source of infinite embarrassment and vexation to the student; and it is hoped that, in the terminology of Chemistry, Mineralogy, of the practical Arts, Commerce, Navigation, also of Rhetoric Grammar, Mythology (both Ancient and Northern,) Philosophy, &c., he will not often fail of finding the desired word. In addition to Campe and Heyse, we have, in this respect, derived materials from Krug's „*Philosophisches Wörterbuch*," and from the latest edition of the „*Conversations-Lexikon*."

In the addenda to the Dictionary is given a full list of the usual abbreviations, which is remodelled and enlarged from the one prefixed to each letter of the alphabet in Meissner's German-English Dictionary.

In arranging the irregular verbs, we have added to the usual alphabetical list a table of classification, together with an enumeration of such verbs as belong to each of the different classes severally.

The editor takes pleasure in expressing in this connection his obligations to his friends, Mr. E. A. Johnson, A.M., Professor of the Latin Language and Literature, and to Mr. C. S. Henry, D.D., Professor of Philosophy and History in the University of the city of New-York, for the free use of their libraries in consulting authorities, as well as for occasional hints respecting the plan and detail of the work.

With regard to its typographical arrangement, it is but justice to the liberality of the publishers to state, that they have shunned no expense to make its outward appearance as attractive to the eye as the art could make it; and that, in this respect, it will suffer no disadvantage in being compared with any thing of the kind. The accuracy of the printer too, in superintending the reading of the proofs, previous to the editor's last revises, deserves commendation, and, it is hoped, that, in point of correctness, the volume will leave little to be amended in a second edition.

In reviewing his labours, and submitting their result to the public, the editor is fully aware, that the comparative philologist, or the philosophical inquirer into the origin, forma-

\* „Dass unter allen ähnlichen Werken keines in Absicht auf Vollständigkeit, wie auf innern Gehalt in richtiger Angabe und treffender Erklärung der fremdartigen Ausdrücke diesem sich an die Seite stellen könne." The object of this and more especially of Campe's *Fremdwörterbuch* was not simply to enumerate and define such foreign words as had obtained currency both among authors and in conversation—but to supplant gradually and entirely all such foreign words and expressions by substituting purely German ones equally significant. This puristic tendency was carried to an extreme by Campe. Heyse, who in all his grammatical and lexicographical works exhibits so admirable a blending of the philosophical and historical methods, pursues a medium course. We state the plan of his excellent Dictionary in his own words: „Seiner ursprünglichen Bestimmung nach soll dieses Wörterbuch nicht ein terminologisches Sachwörterbuch einer Wissenschaft, oder gar eine Reals-Encyclopädie aller Wissenschaften seyn oder jemals werden, es ist nicht sowohl den Fachgelehrten bestimmter Wissenschaftszweige, als vielmehr dem gesammten gebildeten oder nach Bildung und Bezeichnung strebenden Theile der Nation gewidmet. Es kann und darf daher nicht die Kunstsprache wissenschaftlicher Lehrgebäude in ihrem ganzen Umfange aufnehmen, sondern muß sich im Allgemeinen auf diejenigen aus fremden Sprachen entlehnten oder aus deutschem Sprache fremdartig gebildeten Wörter beschränken, welche auf irgend einem Wege aus den engeren Kreisen bestimmter Wissenschaften in die weiteren des Lebens übergegangen und Eigenthum der Nation geworden sind. Es darf mithin kein Fremdwort ausschließen, welches in die Umgangssprache des gemeinen Lebens, so wie in die allgemeine deutsche Schriftsprache und National-Literatur Eingang gefunden hat, welches im geselligen, Geschäfts- oder Gewerbs-Leben gebräuchlich ist, bei classischen deutschen Schriftstellern oder doch vorgelesenen Tageschriftstellern, in politischen Zeitungen oder für die allgemeine Bildung und Unterhaltung berechneten Zeitschriften aller Art vorkommt. Dergleichen Fremdwörter hingegen, welche lediglich einzelnen Wissenschaften, zumal den, dem Volksleben und der allgemeinen Volksbildung fremd bleibenden, angehören und aus diesem nicht in die deutsche Umgangs- und Schriftsprache übergegangen sind, liegen im Allgemeinen außer dem Bereiche eines Wörterbuchs dieser Art. — Es leuchtet jedoch von selbst ein, daß eine bestimmte Grenze in dieser Hinsicht ein für allemal zu ziehen, schwer, ja unmöglich ist, weil zwischen der Wissenschaft und dem Leben der Nation überhaupt keine feste Schranke besteht, sondern die Strömung beständig von einer Seite zur andern hinüber und herüber geht."

tion and affinity of languages, will find little if aught save an unyielding material to gratify his curiosity. Indeed, it must be confessed, and without the least disparagement to the labours of those who have devoted their lives to this arduous pursuit, that a Dictionary of the German, to satisfy the highest demands of the science of language, exhibiting the individuality of its organic structure, its relation to kindred languages, the phases which, in the different periods of its development, it has undergone, and reflecting, in a measure, that splendour which illustrious master-minds have thrown around it, remains yet to be written in Germany itself. And this is a task, to the mere preparation for which men, like the Grimms, have devoted half a life-time, without having, as yet, given us any result. Our aim was an humbler one, and altogether of a practical nature. No one will, therefore, wonder to find all etymological investigations entirely excluded, as equally foreign to our purpose and unsatisfactory in the present state of German lexicography. We rather strove to facilitate, and, if possible, to establish a free intercommunication between the German and the American or English mind; and this volume was not designed to be a pure contribution to the advancement of philology, but rather that it might serve as a guide, to conduct the American scholar into a wide and sunny region of Literature and Art, whence he might people his mind with new imperishable thought, his phantasy with new conceits, his imagination with new images of beauty, and enrich his soul with new springs of emotions, which flow, with more or less copiousness, alike in all human hearts, of all ages, of every race and tongue.

Should the reception of this work prove that his aim has been a proper and a useful one, and that he has succeeded in contributing something (*pro parte virili*) towards bringing the Anglo, as well as the Saxon, to a new and proud consciousness of their primeval identity of origin and mind, the Editor would feel himself in a measure requited for the many days and nights of toil which, with only an occasional murmur, he has willingly sacrificed to his purpose—nay, he could almost entertain the hope, that his life had not been without a noble object.

G. J. ADLER.

A  
**D I C T I O N A R Y**  
OF THE  
GERMAN AND ENGLISH LANGUAGES,  
IN TWO PARTS.  
PART FIRST,  
**GERMAN AND ENGLISH.**

# PRELIMINARY EXPLANATIONS.

## I. EXPLANATION OF SIGNS

marks, 1 (at the head of an article) a foreign word, *e. g.* \**Announce*, \**Substanzien*; 2 (in the text) a poetical word or expression, *e. g.* *Sonnenbahn* (under *Sonne*), \*glorious career.  
— indicates an ellipsis or the repetition of the word at the head of the article, *e. g.* under the article *Pulver*, —*müh-*le, *f* stands for *Pulvermühle*, *f*; under the word *Statt*,

— *finden*, stands for *Statt finden*. This mark subverts the same purpose in the formula which expresses the genitive and plural of substantives, *e. g.* *Kind*, *n.* (-*es*; *pl.* -*er*); *Graf*, *m.* (-*en*; *pl.* -*en*); *Tröpfchen*, *n.* (-*s*; *pl.* -*n*).  
= signifies "equal to, of the same meaning"  
+ marks an obsolete word

## II EXPLANATION OF THE ACCENTS

1 The syllable, which has the principal accent, is distinguished by a mark over its vowel (or diphthong), which may be either long (*ā, ē, ī, ō, ū, y*), or short (*a, e, i, o, u, y*), or common (*ā = ā or a, ū = ū or u*); *e. g.* *Gähe*, *Spreche*, *Gräthe*, *Gütesvergeffenheit*, *Füg*, *Myth*, *Antrag* (= *Antrag* or *Antrag*), *Aug*.

2 In the vowel *e* we not only distinguish the long and short sound (*ē, e*), as in other vowels, but we also indicate whether this sound is close (the French *e fermé*) (*ē*), or open (the French *e ouvert*) (*e*). The character *ē* denotes that the sound of the *e* is long and close at the same time, the character *e*, that it is long and open at the same time, *e. g.* *Hēben*, *Hēhl*, *Gebēll*, *Menge*.

3. The capitals of the modified vowels (*ā, ē, ū*), which are usually expressed by two characters, are in this Dictionary, for

the sake of the accent, united into one, thus *He, De, Ue*, become *Ā, Ō, Ū*, (*Ā, Ō; Ō, Ō; Ū, Ū*); *e. g.* *Aeberchen*, *Aeberchen*; *Deffnung*, *Deffnung*, *Uebel*, *Uebel*.

4 In diphthongs the accent is (as in Greek) always placed over the last vowel, *e. g.* *auf*, *aus*. We also distinguish the long or broad sound, *e. g.* *ein*, *meinen*, *Mür*, *Eäigen*; and the short or close sound, *e. g.* *Einfaufte*, *hinein*, *mein*, *Auflage*, *Ausflucht*, *Mäuschen*.

5 Of foreign words, such as are derived from the Latin or Greek, follow upon the whole the German pronunciation and accent, those, however, which are borrowed from the French, Italian, or other modern languages, generally retain their original pronunciation, to which the accent is not intended to be a sufficient guide.

## THE FOLLOWING TABLE EXHIBITS A LIST OF THE VOWELS WITH THEIR DIFFERENT ACCENTS

<i>ā</i> { <i>ā, ā, ā</i> ;	<i>ō</i> { <i>ō, ō, ō</i> ;
<i>ē</i> { <i>ē, ē, ē</i> ;	<i>ū</i> { <i>ū, ū, ū</i> ;
<i>e</i> { <i>e, e, e</i> ;	<i>ü</i> { <i>ü, ü, ü</i> ;
<i>ī</i> { <i>ī, ī, ī</i> ;	<i>ū</i> { <i>ū, ū, ū</i> ;
<i>ō</i> { <i>ō, ō, ō</i> ;	<i>ū</i> { <i>ū, ū, ū</i> ;
<i>ū</i> { <i>ū, ū, ū</i> ;	<i>ū</i> { <i>ū, ū, ū</i> ;
<i>ū</i> { <i>ū, ū, ū</i> ;	<i>ū</i> { <i>ū, ū, ū</i> ;
<i>ū</i> { <i>ū, ū, ū</i> ;	<i>ū</i> { <i>ū, ū, ū</i> ;

## III EXPLANATION OF THE ABBREVIATIONS USED IN THIS DICTIONARY

*A* *T.* anatomical term  
*abbr.* abbreviated; abbreviation.  
*Ac* *cant.* academical cant term  
*Ac. T.* academical term.  
*adj.* adjective  
*adv.* adverb; adverbially  
*affirm.* affirmatively  
*Alg. T.* term in algebra  
*Am.* American word or phrase  
*an* analogous; analogously.  
*angl.* anglicism.  
*arb* a word of arbitrary formation.  
*Arch. T.* architectural term.  
*art.* article.  
*Ar. T.* arithmetical term  
*Ast. T.* astronomical term.  
*Astrol. T.* astrological term.  
*aux v.* auxiliary verb  
*B T* botanical term.  
*barb.* barbarous word or term.  
*bur* burlesque  
*b* *to* a bad word  
*Cam Univ Ph* Cambridge university phrases  
*cant.* (*cant-s.*) cant term (*cant terms*)  
*cant.* \* cant term used poetically  
*cf.* confer  
*Ch T* chemical term  
*Chron. T.* chronologic term  
*col.* colloquial word or expression.  
*collect* collectively.  
*com.* commonly.  
*comp* comparative.  
*compos.* compounds.  
*Conech T* term in conchology  
*conj* conjunction.

*cont* contemptuously, or marks a word of contempt.  
*contr* contracted  
*cor* corrupted, corruptly; corruption.  
*d* defective  
*dim.* diminutive; diminutively.  
*Dram Ph* dramatic phrase.  
*e. g.* for instance.  
*el.* elegantly  
*ellipt* elliptically.  
*emph* emphatically  
*f* substantive of the feminine gender.  
*fam* (*fam-s*) familiar word or expression (*familiar terms*).  
*fig.* (*fig-s*) figuratively (*figurative expressions*)  
*Fort.* term in fortification.  
*G T* geometrical term.  
*Gall.* gallicism  
*gen* generally.  
*Geog. T* geographical term  
*Geol. T* term in geology.  
*German* germanism. German  
*Gram. T.* grammatical term  
*Gun. T* term in gunnery.  
*H. T* term in heraldry.  
*hum* humorous; humorously.  
*hyp* hyperbolically.  
*Ich* ichthyology  
*i e ad est.* that is.  
*imp* impersonal; impersonally.  
*imper* imperative mood  
*impr.* improperly.  
*inel* inelegant word or expression.  
*indiv* individually.  
*incor* incorrectly.  
*insep. (partic)* inseparable (*particula*).  
*int.* interjection.

Anklage, *f.* (*pl* —n) accusation, information against one, arraignment, denunciation, die öffentliche —, impeachment, indictment, *compos* —acte, *f* act of accusation, bill of indictment, —schrift, *f* bill of indictment

Anklagen, *v a* to accuse, indict, arraign, inform against, charge, öffentlich —, to impeach

*Syn* Anklagen, Verklagen, Belangen, Beschuldigen, Angeben. Anklagen is generally used only of a criminal charge, Verklagen also in civil cases. Man verklagt jemanden, that the authorities may oblige him to perform something or to pay what he is indebted to us, man klagt jemanden an, in order that he may be punished. Belangen appears to be used in more trivial offences. Beschuldigen is an informal charge or mere accusation. Angeben signifies merely "to inform against" and does not, like anklagen, include the idea that the informant undertakes to produce a proof of the guilt or that requires the punishment of the offender.

Ankläger, *m.* (—s; *pl.* —en) } accus-  
Anklägerin, *f.* (*pl.* —en) } er, im-  
peacher, indicter.

Anklägerisch, *adj* prone to accuse

Anklatschen, *v. I n* to slap at, *II a* to fix by beating

Ankleben, *v I a* to glue to, fix, paste; *II n.* (aux haben) to stick to, to adhere.

Anklecken, } *v a* to daub over, soil.  
Anklecksen, }

Ankleiden, *v I a* to put on clothes, to dress, attire, *II refl* to dress

*Syn* Ankleiden, Ankleiden, Anlegen. Sich anleiden always signifies the putting on of the entire clothing, to dress one's self. Ankleiden and anlegen are not only said of the whole but also of the several parts of which the dress is composed. Anlegen properly applies only to such articles as are drawn on to the body, anlegen to such only as are laid on, thus boots and stockings are anelegen (drawn on), a sword, buckles &c. are angelegt (put on). As however those articles of dress which are not anelegen as a covering, but were angelegt, are for the most part ornamental, anlegen has become the more elegant expression of the two, and is then used of such parts as are anelegen, when they are especially costly and ornamental. Trauer anlegen, to put on mourning, er hat heute seine besten Kleider angelegt, he has put on his best clothes to-day

Ankleide=spiegel, *m* dressing-glass, swinging-glass. —zimmer, *n* dressing-room, —zimmer auf der Schaubühne, *ring=room*, (in a church) the vestry

limit, stint, restrain, circumscribe; sich  
auf etwas —, to restrict one's self to a  
thing; to be satisfied with; ein be-  
schürztes Recht, a restricted right,  
ein beschürzter Kopf, a short-sighted  
person

*Syn.* Beschränken, Begrenzen. The former  
adds to the notion of limiting or bounding,  
which is common to both these words, that of  
restraining within certain limits, of preventing  
further increase or extension. Begrenzen is  
merely to fix the furthest point of extension.  
Our view is beschränkt (confined) by a building  
which prevents our having a more extensive  
view, a line is begrenzt (terminated) by the  
point which determines its extent.

T. punch, punchion, puncher.

Bürat, *m* (—s) a sort of woolen stuff

Bürde, *f* (*pl* —n) 1. burden, charge,

2 load, —fäsel, *m* a sort of steel in  
bars

*Syn* Bürde, Last. Bürde is a burden borne  
by one living power, i. e. by animals or more  
expressly by men. Any heavy weight, borne  
or supported by any body whatever, is called  
eine Last. Thus we say a wagon breaks down  
under its load, but not under its Bürde. Bürde  
signifies also in a figurative and moral sense a  
burden which is voluntarily undertaken

Bürden, *v* *a* to load, to lay on as a  
burden, *aid* Aufbürden

*Syn* I. Ehrerbietung, Ehracht. Ehrfurcht is a feeling of admiration or reverence mingled with awe and moved by the consciousness of our own insignificance and littleness. Ehrfurchung is not an internal emotion, but merely an act of respect or obedience.

Sin II Ehrgeiz, Ruhmbegierde, und  
Ehre, Ruhm

Syn III. *Christ, Unchrist* The man is unchrist, who is unwelcome of any respect or esteem, he is *christ*, who is publicly branded with infamy, or who is destitute of all feeling or honour. The swindler is *unchrist* inasmuch as he acts dishonestly, but not necessarily *christ*, until his dishonest actions are publicly known.

Ehre, *f* (*pl* —n) honour, reputation, rank, glory, einem — erweisen oder bezeigen, to do honour to one; einem alle — anthun, to treat one with great respect, unbefleckt —, unsullied honour, *Par* alle —n widerfahren lassen, to pay due honour to (a bill of exchange), eiment die letzte — erweisen, to do the funeral honours to one, göttliche —n erweisen, to pay divine honours; zu großen —n erheben werden, to be raised to great honour, etnem die — lassen, to yield the preference, the precedence to one, zur — gereichen, to be an honour, to redound to one's honour, ich werde die — haben, I shall do myself the honour; sich eine — daraus machen, to be proud of, in —n halten, to honour; in —n leben or sein, to be in great esteem, reputation, bei —n bleiben, to preserve one's honour (reputation), etwas —n halber thun, to do a thing for the sake of honour, auf meine or bei meiner —, on my honour, mit —n, in allen —n, without any disregard to honour; ein Kuß in —, an innocent kiss; Ihr Ruß in —n, with due deference to you, with your leave, mit —n zu melden, *col* with (or saving) your reverence, mit —n loskommen, to come off with credit. Jemandes in allen —n gedenken, to mention one honourably

**Syn.** *Chre*, *Xuñm* *Xuñm* is a higher degree of *Chre* (honour). One who is distinguished in his native town or among his fellow citizens for his unsullied good name, has *Chre* (reputation) but not *Xuñm*. *Der Xuñm* (fame) requires that the worth of a man should be more generally known, that his exalted reputation be derived from remarkable exploits or accomplishments.

ἔθρεν, *pl* honours: *compos* —acceptant, *m* *M E* acceptor for the honour of another, —*amt*, *n* post of honour,

[illegible]

Ėhren, v a to honour, respect, esteem.

**Eigenwillig**, *I adj* wilful, arbitrary, *II* *adv* wilfully arbitrarily

**Eigenwilligkeit**, *f. vid.* *Eigenwille*.

**Eigener**, *v I n* (*aux* *haben*) *I* to be one's own, *2*, to become, fit, behave, *Sie* sind nicht dazu geeignet, you are not qualified for it, *II* *refl* *sich* — zu, to be qualified for, adapted to, to be fit for.

**Eigner**, *m* (—s; *pl.* —) owner, proprietor.

**Eiland**, *n.* (—es; *pl.* —e or —länder) island, *compos.* —*meer*, *n* an archipelago

**Eiländer**, *m* (—s; *pl.* —) *Eiländerin*, *f.* (*pl.* —en) islander, native of an island

**Eiländisch**, *adj.* belonging to an island.

**Eil**, *incompos.* —*bote*, *m* (—en; *pl.* —en) courier; —*botenschaft*, *adj.* & *adv* by a courier-express; —*fertig*, *I adj* hasty, hastening, speedy, precipitant; *II* *adv* hastily, &c., —*fertigkeit*, *f.* hastiness, speediness, precipitation, —*flug*, *m* a speedy flight, —*gewohnt*, *adj* accustomed to haste; —*marsch*, —*zug*, *m* forced march, —*post*, *f.* —*wagen*, *m* stage-coach, diligence; —*postreiter*, *m* an estafet; —*weisen*, *v n* (*aux.* *seyn*) not to proceed too hastily or rashly; —*zug*, *m* forced march

**Eile**, *f* haste, speed, dispatch; *große* —, hurry; in der größten —, in a hurry, post-haste.

*Syn* *Eile*, *fast* *Eile* originates from external causes merely, *fast* always from internal ones. That person is *eilig*, who has not much time in which to accomplish a thing, he is *eilig*, who from an inward restless ardour does every thing in a hurry.

**Eilen**, *v I n* (*aux.* *seyn*) *1* to hasten, make haste, to hurry, make speed; to *hies*; *2* (*with* *haben*) to pass quickly, fly, hurry; — *mit* *Weile*, *prov.* *festuna lente*; *II* *refl.* to make haste.

**Eilend**, *adj.* & *adv* *Eilends*, *adv.* speedy quick; hastily, speedily, in haste.

**Eilf**, *contr.* *Elf*, *adj.* eleven; *compos.* —*er*, *n* & *T* hendecagon; —*erlei*, *adj* eleven sorts, —*fach*, *adj* elevenfold, —*jährig*, *adj.* of eleven years; —*mal*, *adv* eleven times, —*te*, *adj* eleventh; *das* —*te* *Mal*, *eleventh* time; —*tel*, *n.* eleventh part; —*tens*, *adv.* for the eleventh; —*tehalb*, *adj* *en* and a half

**Eilig**, *I*, *adj.* hasty, speedy, dispatchful;

—*seyn*, to be hasty, in haste, *II*, *adv.* hastily, speedily.

*Syn* *Eilig*, *Eilfertig*, *fastig* Each of these words implies an eagerness to dispatch something in a short time. But *eilig* is *eilig*, who has not much time left, and has therefore the more for performing much in a short space of time. *Der Eilfertige* actually does dispatch much in a short time, > quick in performance, not as *der Fastige*, whose motions are accelerated by an inward restless impulse, but because the circumstances are urgent. *Eilfertig* can be said of persons only, *eilig* also of things. One may ask a person who is writing a letter *Barum* *sind* *Sie* so *eilfertig*? and the answer may be *Der Brief* ist *eilig*, i. e. it must be speedily at the place of its destination.

**Eimer**, *m* (—s; *pl.* —) *1* pail, bucket, *2* rundlet, kaldeikin, *ein* halber —, firkin; *compos.* —*ette*, *f* bucket-chain, —*fuhr*, *f* *T* sort of waterwork with buckets, —*weise*, *adv* *er* —*aisful*, by the pail

mit dem — *stoßen*, to elbow, *compos*  
—bein, *n* —ohre, *f A T* the  
bone from the elbow to the wrist, —  
blutader, *f* ulnar vein, —*knurren*, *m*  
olecranon, —*müffel*, *m* cubital muscle,  
—*nerve*, *m* cubital or ulnar nerve;  
—*schlagader*, *f* cubital artery

**Elch**, *n* (—s; pl —e) elk

**Elcher**, *f* (pl —n) *vid* Elch.

**Elberich**, *f* (pl —en) *vid* Elrige.

**Elcaolit**, *m* (—s; pl —en) nepheline

**Electiv**, *adj. & adv.* elective, by  
option

**Electör**, *m* (—s; pl —en) elector.

**Electorium**, *n* (—s) electuary.

**Elefant**, *vid* Elephant.

**Elegant**, *adj. & adv.* elegant, elegantly

**Eleganz**, *f* elegance, splendour.

**Elegie**, *f* (pl —n) elegy; *compos.*  
—*indichter*, *m* elegist.

**Elegisch**, *adj* elegiac.

**Electricität**, *f. Phy T* electricity,  
*compos.* —*leiter*, *m* conductor; —*s*  
*meßer*, *n* —*zeiger*, *m* electrometer;  
electroscope; —*sträger*, *m* electro-  
phorus; —*streiber*, *m* electromotor;  
—*streibend*, *adv.* electromotive; —*s*  
*treibung*, *f* electromotion.

**Elektrisch**, *adj* electrical, electric.

**Elektrifiziren**, *v a* to electrify

**Elektrificiren**, *n* electrification.

**Elektrifizirmaschine**, *f* (pl. —n)  
electrifying (electric) machine

**Elektrometer**, *n* (—s; pl —)  
electrometer.

**Elektrophör**, *m* (—s; pl —e)  
electrophorus.

**Elementum**, *n* (—s) argentiferous gold

**Element**, *n* (—s, pl —e) element,  
*compos* —*stein*, *m* opal

**Elementär** (in *compos*) = *buch*, *n*  
elementary book, —*feuer*, *n* elemen-  
tary fire, —*geist*, *m* spirit supposed to  
exist in one of the four elements, —  
*regeln*, *pl* first principles (of a language,  
&c.), —*schule*, *f* elementary school,  
primary school, —*unterricht*, *m* first  
lessons

**Elementarisch**, *adj* elementary,  
elemental

**Elementarisch**, *n* (—s) elem., —  
*strauch*, *m* elem.-bearing poison-tree.  
Carolinian white myrica

**Elend** (Elendstücker), *n* (—s, pl —e) elk,  
moose, *compos* —*hirsch*, *m* moose-  
deer, —*shaut*, *f* elk or moose-skin,  
—*sklaue*, *f* elk-hoof, —*stehet*, *n* elk-  
leather.

**Elend**, *n* (—s) 1 misery, calamity,  
distress, 2 need, penury, wretched-  
ness, indigence, 3 + exile, *ins* —

*Gehörchen, v. n.* (*aux.* haben) (*with dat.*) to obey; *nicht* —, to disobey; *man muß ihm* —, he must be obeyed.

*Syn.* *Gehören, Folgen.* *Gehören* implies that the person who *gehört* (obeys) acts according to the will of another. One may, however, *einem* *Andern* *folgen* (follow another) without acknowledging any obligation to do so. Thus we say: *einem* *Befehl* *gehören* (obey a command), but, *einem* *Befehl* *folgen* (follow an example); the former, because we are obliged, the latter, because it pleases us.

*Gehörten, v. I. n.* (*aux.* haben) (*with dat.*) to be one's own, to belong, appertain to; in, vor, unter *Jemandem* or *etwas* —, to belong to, be subjected to; *zu etwas* —, 1. to belong to, to be connected with, to form part of; 2. to require; ought to be; *dieser* *Mensch gehört zu uns*, this man belongs to our company; *das gehört nicht hierher*, this is not the place for it; *das gehört unter dieses Gericht*, that falls under the cognizance of this court; *dieser* *Titel gehört ihm nicht*, he has no right to this title; *auf einen groben* *Stoß gehört ein grober* *Reiz*, *prov.* rudeness for rudeness; *II. regl.* *imp.* to be fit, to be suitable, to be proper; *es gehört sich*, it is right; it is fit, proper, becoming, decent, seemly

*Syn.* *Gehören, Gebühren.* The former is predicated of whatever necessarily forms a part of, or by right belongs to another thing. Thus, a part *gehört* (belongs) to the whole; *die Sonne gehört* (belongs) to the solar system, &c. *Wird* or *gehört* is a just claim or right of another person to him; if this claim is not acknowledged, it is a matter of worthlessness, *gehört* is due.

*Gehrig, I. adj.* 1. belonging, appertaining; 2. required; requisite, necessary; 3. due, proper, fit, decent; appropriate; *II. adv.* duly, properly, fitly, decently, justly, rightly.
